Consumer Insurance Act

You are required by the provisions of the Consumer Insurance (Disclosure and Representations) Act 2012 to take care to:

- a) Supply accurate and complete answers to all the questions **we** or the administrator may ask as part of **your** application for cover under the policy.
- b) To make sure that all information supplied as part of **your** application for cover is true and correct.
- c) Tell **us** of any changes to the answers **you** have given as soon as possible.

You must take reasonable care to provide complete and accurate answers to the questions **we** ask when **you** take out, make changes to, and renew **your** policy. If any information **you** provide is not complete and accurate, this may mean that **your** policy is not valid and **your** claim is not paid.

1. The Purpose Of This Insurance

This insurance is for landlords and specifically for emergencies related to **your let** property, not for general household buildings or contents coverage.

Please note that this insurance does not cover regular maintenance tasks that **you** should normally take care of or pay for. These are things that gradually wear out over time or require periodic attention, like descaling central heating pipes or replacing washers in taps and cisterns.

Our goal is to provide fast and expert assistance if **you** experience an **emergency** in **your** property that is covered by this policy. **We** will arrange for one of **our approved contractors** from **our** list of authorised tradespeople across the country to come and take necessary actions to stabilise the situation and address the **emergency**.

2. How To Make A Claim

Major emergencies which could result in loss of life or serious damage to the **home** should be immediately reported to the supply company and/or public **emergency** services.

Gas leaks must be immediately notified to the National Gas Emergency Service on 0800 111 999.

Check **your** policy and certificate for **your** cover level and have **your** policy number ready. This policy is designed to assist **you** during an **emergency**. **It will not cover situations that are not notified to us within 48 hours of the incident being discovered.**

Call **our** helpline on 0345 030 5926. **Our** helpline is open 24/7, 365 days a year.

We will ask **you** some questions to check **your** identity and the details of **your emergency**. **We** will talk **you** through **your** cover and let **you** know what **we** will do next.

3. Some Important Information

If **we** accept **your** claim, the claims helpline will find a suitable **approved contractor** to attend and try to resolve the **emergency**, provided there are no outside circumstances stopping **us**, like the lack of access, weather or transport issues. The helpline and contractor will decide when and how to undertake **emergency** repairs.

The **approved contractor** will invoice the cost of all work covered by the insurance to **us**. **You** will be asked to pay the cost of;

- Call-out charges if no authorised adult is **home** when the contractor arrives.
- Charges exceeding the **claim limit(s)** or for excluded work – **we** will inform **you** of these costs first.
- Any additional costs for fitting upgraded replacement parts **you** request.

There may be times when replacement parts are unavailable due to circumstances beyond **our** control. In this case, **we** will ensure **your home** is safe. If **you** hire a contractor before contacting the helpline, the costs will not be covered.

Your claim will not be considered an **emergency** unless it is reported within 48 hours of discovery.

Household Buildings and Contents

This insurance policy is designed to offer 24-hour assistance if **you** suffer a **home emergency**. It compliments but does not replace either **your** household buildings or contents insurance policy, and there may be times where this is the more appropriate route for cover. If the situation is not an **emergency** as defined in the policy wording, **you** should contact **your** buildings or contents insurance provider for claims assistance.

How Your Cover Works

Maintenance of Your Home

It is a requirement of this policy that **you** maintain **your home**, including fixtures and fittings. This includes boilers which must be maintained and serviced in accordance with the manufacturer's recommendations.

Trace and Access

Sometimes the **approved contractor** may need to carry out **trace and access** work to locate the **emergency**. This may involve removing/damaging parts of the **home**, fixtures and fittings to find the problem source. **We** will not be responsible for any necessary damage caused by the contractor in order to complete a **temporary repair** (or permanent repair at a similar cost).

Working Together

For the best claims service, **we** need **your** full cooperation at all times. This may include providing any evidence, documents or receipts **we** request at **your** own expense.

If **your home emergency** claim is accepted, **we** ask that **you** allow access for the **approved contractor** to attend **your home** within 24 hours of the claim being reported to us.

There may be times where **our approved contractor** has to order parts that are not readily available.
